

UTILITY RATE REPORT

The City of Aledo has approximately 150 commercial customers and 1,800 residential customers. This report details the cost of service for each customer class. It also contains examples of the impact to residential and commercial water bills for average, efficient and large water users.

WATER

Serves Residential and Commercial

SOLID WASTE

Residential only

UTILITY FACTS

Water

The water utility is solely funded by rates and fees it assesses and collects. No property tax dollars are used.

Solid Waste

The City of Aledo contracts Republic Services for all solid waste operations.

Sewer

The City of Aledo's Public Works Department operates the wastewater treatment plant.

Irrigation

Irrigation lines have a separate water meter from normal household usage and are billed at a different rate.

SEWER

Serves Residential and Commercial

IRRIGATION

Residential and Commercial
